## Five Days. One Cambridge Experience. A Lifetime of Impact

The **Global India Leadership Programme (GILP)** is more than a course; it is an immersive Cambridge experience that brings world-class executive education within reach of today's leaders.

In its second cohort, co-created by **Global Education Lab** and **Cambridge Judge Business School**, the programme brings together **CEOs** and **senior executives** to engage directly with Cambridge's academic ecosystem. It offers a powerful blend of rigorous **academic insight**, **practical frameworks**, and **peer learning**, delivered in a focused five-day format designed to maximise impact without extended time away from business responsibilities.

This is **Cambridge made accessible**, a unique opportunity to challenge your thinking, expand your global network, and return with the clarity, confidence, and Cambridge-certified edge to lead your organisation's growth on the global stage.

### Key Takeaways

#### Cambridge Certified Leadership Edge

Gain world-class frameworks, insights, and strategies from Cambridge Judge Business School and return with a prestigious certificate that signals your readiness to lead on a global stage.

#### Real-World Impact with Measurable Outcomes

Apply cutting-edge frameworks and simulations to real business challenges. Post-programme AI adoption assessment ensures tangible impact.

#### Powerful Global Network

Join an exclusive cohort of Global CEOs, founders, and senior leaders, building lasting relationships with peers and Cambridge faculty.

AN ICONIC EXPERIENCE. LASTING IMPACT.

# Programme Content & Experiential Learning

## Leadership & Strategy

- Leadership styles in Indian & global contexts
- Strategic frameworks for the AI era
- AI-based business scenario simulations
- Blue ocean strategy & sustainable advantage

**Learning outcome** – You will be able to recognise and adapt leadership styles for both Indian and global contexts, leading with confidence in diverse environments. You will learn to apply strategic frameworks built for the AI era, using AI-driven business simulations to test decisions and predict outcomes in a safe setting. By the end of the programme, you will know how to craft and implement blue ocean strategies that create uncontested market space and long-term competitive advantage.

## Frugal AI for the CXO

- Practical AI applications for cost-efficient innovation
- Lean AI strategy: doing more with less
- Responsible & ethical AI adoption
- Building scalable AI roadmaps

**Learning outcome** – You will discover practical ways to integrate AI into your organisation cost-effectively, focusing on measurable impact over unnecessary complexity. You will be able to design a lean AI strategy to do more with fewer resources while remaining agile. You will understand frameworks for ethical and responsible AI adoption, ensuring compliance and trust. Most importantly, you will leave with a customised, scalable AI roadmap for your business.

## Branding, Marketing & Digital Innovation

- Storytelling & brand-building
- Customer-centric growth strategies
- Leveraging data & analytics for measurable impact
- ESG marketing & emerging AI trends

**Learning outcome** – You will learn to tell powerful brand stories that engage customers and strengthen market positioning. You will be able to design customer-centric growth strategies that drive results and use data analytics to measure and optimise marketing impact. You will stay ahead of disruption by understanding ESG marketing and the latest AI-driven innovation trends, preparing you to future-proof your organisation's brand strategy.

## Public Speaking & Negotiation

- Mastering pitches & persuasive delivery
- Storytelling for influence
- Role-play exercises to sharpen deal-making skills

**Learning outcome** – You will develop the ability to deliver compelling pitches, communicate with clarity, and inspire confidence among stakeholders. You will refine storytelling techniques that persuade and motivate teams, investors, and partners. Through practical role-play exercises, you will sharpen your negotiation skills and gain the confidence to handle complex, high-stakes business discussions globally.

## Finance & Corporate Governance

- Boardroom dynamics & influence
- Linking brand to financial performance
- Designing growth-focused financial strategies

**Learning outcome** – You will understand how boardroom decisions are shaped and gain strategies to influence them effectively. You will be able to link branding and marketing investments directly to financial performance, building stronger cases for growth initiatives. You will leave ready to design and implement financial strategies that support global expansion and long-term shareholder value.

# Cambridge Traditions & Networking

- Walking tour of historic Cambridge
- Punting on the River Cam
- Formal college dinner with faculty
- Peer-to-peer networking sessions

**Learning Outcome** – You will experience the history and traditions of Cambridge through guided walking tours, punting, and formal college dinners. You will have the opportunity to engage directly with world-class faculty and peers, exchanging ideas that spark collaboration. You will leave with a powerful new network of CXOs and thought leaders committed to driving impact in India and beyond.

# PROGRAMME LEADERSHIP & MANAGEMENT

## Programme Director

### Prof. Jaideep Prabhu

**Professor of Marketing & Vice Dean,  
Cambridge Judge Business School**

As a Professor of Marketing at Cambridge Judge Business School, Professor Prabhu is a global authority on frugal innovation. His work demonstrates how organisations can create impactful, resource-efficient solutions under constraints, a mindset he'll bring to help delegates turn smart scarcity into strategic advantage.

## Message from the Programme Director

*"The Global India Leadership Programme is about more than learning – it's about transformation. In Cambridge, we give global leaders the tools to think creatively, harness AI & innovation, and shape the future of their organisations in a rapidly changing world. This is your opportunity to strengthen not only your organisation's ability to grow globally, but also your own leadership journey. You'll return with fresh ideas, deeper confidence, and a renewed sense of purpose, ready to lead change for your business, your teams, and for yourself."*

## Programme Research Coordinator

### Isabel Aufricht

**PhD researcher  
Otto Beisheim School of  
Management, Germany**

Isabel Aufricht is a PhD candidate at the Institute of Family Business and Mittelstand at WHU–Otto Beisheim School of Management, Germany. Her research focuses on the implications of Artificial Intelligence for family firms, with a particular interest in innovation, strategic decision-making, and organisational transformation.

On GILP, Isabel will work with delegates to connect programme learning with practical application, while contributing insights on AI readiness, AI integration and other areas valuable to participants.

## Programme Lead Organiser

### Suyash Bhatt

**Fellow, Cambridge Judge  
Business School**

**Founder, Global Education Lab**

Suyash is a Fellow and alumnus of Cambridge Judge Business School and the Founder of Global Education Lab. With over 14 years of international experience across education, technology and innovation, he has designed and delivered several executive programmes that bring together world-class academics, industry leaders and global organisations.

As GILP lead organiser, Suyash will oversee overall programme execution, creating an immersive learning journey that connects Cambridge's academic excellence with practical leadership for the age of AI.

# TESTIMONIALS FROM PAST PARTICIPANTS

*Frugal innovation came alive during the programme as a practical necessity, not theory. It reinforced that sustainable impact lies in affordable, last-mile solutions. Seeing “jugaad” discussed at Cambridge affirmed that frugal innovation is globally relevant, and that the programme sets exactly the right foundation.* – Dr. Aashish Chaudhry, MD – Aakash Healthcare (India)

*“An enriching experience that combined frugal innovation, AI, governance, and storytelling into actionable leadership insights. The diverse cohort and engaging discussions made learning deeply practical. I left with new strategies, and renewed clarity on leading with purpose and impact.”*

– Dr. Fatin Al Zadjali, L&D Head – Bank Dhofar (Oman)

*“Walking through Cambridge’s historic corridors is a humbling reminder of the power of ideas and lifelong learning. The programme reinforced that true leadership comes from curiosity, diverse perspectives, and purpose-driven collaboration. It’s an experience that inspires you to keep questioning, learning, and growing.”* – Rama Shankar Pandey, MD – Work With Dignity (India)

*“A week of intensive, high-quality learning across innovation, AI, governance, and strategy. The programme’s structure, faculty expertise, and diverse perspectives made it deeply impactful. The experience is like a Rolls Royce.”*

– Sam Tully, Trustee – Pratham (UK)

*“The programme offered insights into leadership communication and influence. Sessions on rhetoric and group discussions were particularly impactful, providing practical tools used by global leaders. A highly engaging experience that I would strongly recommend to anyone looking to enhance leadership effectiveness.”* – Johannes Samwer, MD – Rhenus Lub (Germany)

*“The programme provided a powerful lens on leadership shaped by AI, sustainability, and geopolitics. Engaging with global peers and faculty, one insight stood out: future leaders must blend technological fluency with disciplined capital stewardship. Cambridge leaves you more curious and prepared for complex decisions ahead.”*

– Anand Rao, Partner – Tiger Analytics (UK)
