environments. You will learn to apply strategic frameworks built for the AI era

in a safe setting. By the end of the programme, you will know how to craft and implement blue ocean strategies that create uncontested market space and

From AI to the CMO

- Practical AI applications for cost-efficient innovation
- Lean AI strategy: doing more with less
- Responsible & ethical AI adoption
- Building scalable AI roadmaps

Learning outcome – You will discover practical ways to integrate AI into your organisation cost-effectively, focusing on measurable impact over unnecessary complexity. You will be able to design a lean AI strategy to do more with fewer resources while remaining agile. You will understand frameworks for ethical and responsible AI adoption, ensuring compliance and trust. Most importantly, you will leave with a customised, scalable AI roadmap for your business.

From AI to the CMO

- Storytelling & brand-building
- Customer-centric growth strategies
- Leveraging data & analytics for measurable impact
- ESG marketing & emerging AI trends

Learning outcome – You will learn to tell powerful brand stories that engage customers and strengthen market positioning. You will be able to design

communicate with clarity, and inspire confidence among stakeholders. You will

business discussions globally.

Finance & Corporate Governance

- Boardroom dynamics & influence
- Linking brand to financial performance
- Designing growth-focused financial strategies

Learning outcome – You will understand how boardroom decisions are shaped and gain strategies to influence them effectively. You will be able to link branding and marketing investments directly to financial performance, building stronger cases for growth initiatives. You will leave ready to design and implement financial strategies that support global expansion and long-term shareholder value.

Cambridge Traditions & Networking

Flexible Dates | Rolling Cohorts

Available Year-Round

- Formal college dinner with faculty
- Peer-to-peer networking sessions

Learning Outcome – You will experience the history and traditions of Cambridge through guided walking tours, punting, and formal college dinners. You will have the opportunity to engage directly with world-class faculty and peers exchanging ideas that spark collaboration. You will leave with a powerful

Message from the Programme Director

"The Global India Leadership Programme is about more than learning. It's about

harness AI & innovation and shape the future of their organisations in a rapidly

ability to grow globally, but also your own leadership journey. You'll return with fresh ideas, deeper confidence, and a renewed sense of purpose, ready to lead change for your business, your teams, and for yourself."

Programme Research Coordinator

Isabel Aufricht

**PhD researcher
Otto Beisheim School of
Management, Germany**

Isabel Aufricht is a PhD candidate at the Institute of Family Business and Mittelstand at WHU—Otto Beisheim School of Management, Germany. Her research focuses on the implications of Artificial Intelligence for family firms, with a particular interest in innovation

On GILP, Isabel will work with delegates to connect programme learning with practical application, while contributing insights on AI readiness, AI integration and other areas valuable to participants.

Programme Lead Organiser

Suyash Bhatt

**Fellow, Cambridge Judge
Business School**

Founder, Global Education Lab

Suyash is a Fellow and alumnus of Cambridge Judge Business School and the Founder of Global Education Lab. With over 14 years of international experience across education, technology and innovation, he has designed

As GILP lead organiser, Suyash will oversee overall programme execution, creating an immersive learning journey that connects Cambridge's academic excellence with practical leadership for the age of AI.

– Dr. Fatim Al Zaidi, I&D Head – Bank Dhofar (Oman)

“Walking through Cambridge’s historic corridors is a humbling reminder of the power of ideas and lifelong learning. The programme reinforced that true

collaboration. It’s an experience that inspires you to keep questioning

“A week of intensive, high-quality learning across innovation, AI, governance, and strategy. The programme’s structure, faculty expertise, and diverse perspectives made it deeply impactful. The experience is like a Rolls Royce.”

– Sam Tully, Trustee – Pratham (UK)

“The programme offered insights into leadership communication and influence. Sessions on rhetoric and group discussions were particularly impactful, providing practical tools used by global leaders. A highly engaging experience that I would strongly recommend to anyone looking to enhance leadership effectiveness.” – Johannes Samwer, MD – Rhenus Lub (Germany)

“The programme provided a powerful lens on leadership shaped by AI, sustainability, and geopolitics. Engaging with global peers and faculty, one insight stood out: future leaders must blend technological fluency with disciplined capital stewardship. Cambridge leaves you more curious and
